

## Letter from Alexander Graham Bell to Edward J. Hall, February 2, 1906

61

3-1-18 February 2, 1906. Mr. Edwin J. Hall, Vice-President of Am. Tel. and Tel. Co., 15 Dey Street, New York, City. Dear Mr. Hall:—

Mrs. Bell is making a search through her Father's papers for the original copy of my letter to the Directors of the Telephone Company Limited (England) concerning the policy to be adopted in the conduct of their business, dated in 1877 or '78 I forget which.

You already have a copy of the communication but the original has not yet turned up. I will notify you the moment we find it. In the meantime I write to say that we have discovered an original printed copy of another letter from me to the Directors of the Telephone Company Limited which is marked Private and Confidential and dated from the Clarendon Hotel, Watford, the 25th of July, 1878.

As the latter part of this letter refers to the rental policy I advocated before the Board, I have had a typewritten copy made for your information which I enclose: and if for any reason an original printed copy is desirable it is accessible here.

Yours sincerely, Alexander Graham Bell (enclosure).
